

Named after its versatile pickup configuration (3 pickups paired with a 5-way blade switch), the NF3 utilizes the modern pickup technology of PRS Narrowfield™ pickups. Narrowfields™ use the same wire as PRS's coveted 57/08™ pickups, but are narrower pole-to-pole and deeper front-to-back. The result is a new sounding pickup system with exceptional clarity. Paired with a "pattern regular" bolt-on neck and flat body design, the NF3 is a modern classic.
