

A vintage-inspired Singlecut with an artist-grade top, the SC 58 is perfect for more traditional single-cutaway players. The 24 1/2" scale length and electronics' appointments make this instrument instantly comfortable to players who grew up using short scale guitars. The PRS 2-piece bridge is the anchor of this guitar and enhances the natural tone of the woods.

With a classic, resonant voice that is eminently recordable and gig ready, this beauty won't just take everything you've got and keep asking for more, it will do it with unforgettable sound and style.
